GLIDER PROGRAM OVERVIEW

How Did We Do – FY16?

(Doing Math in Public)

- Flew/reported/validated **8,593** sorties in FY16
 - $8,593 \div 46 = 187$ sorties per glider (average)
 - Not bad, but not meeting expectations
 - Subtract 5 gliders:
 - 2 non-reporting
 - 3 that only flew 4 - 21 sorties = **41** active gliders
 - Subtract 1 SGS 2-33 in refurbishment = **40** active gliders
 - Now $8,593 \div 40 = 215$ sorties for **40** reporting gliders
 - Not bad, except...

How Did We Do - FY16?

- **8,593** ÷ **40** = **215** sorties for 40 reporting gliders
 - Not bad, except...
 - Each glider did ***not*** fly near or about 200 sorties in FY16.
 - Some flew much more and some flew much less
- **6** gliders flew less than 100 sorties, ranging from **32 - 98**
- **15** gliders flew 100 or more sorties, but less than 200, ranging from **101 - 196**
- **10** gliders flew 200 or more sorties but less than 300, ranging from **201 - 293**
- **9** gliders flew 300 or more sorties, ranging from **321 - 574**

(Does not take into account extended down times due to weather or maintenance and repairs.)

GLIDER PROGRAM OVERVIEW

How Did We Do – FY16?

- **21** gliders, over one-half of our fleet, flew less than the expected 200 sorties per FY

BUT

- **10** of our gliders met the expected **200** or more sorties
- **9** of our gliders flew more than **300** sorties

Conclusion: It can be done!!!

CITIZENS SERVING COMMUNITIES

GLIDER PROGRAM OVERVIEW

- **Sortie Distribution Matrix**

- Cadet “O” Flights flown: **2635** sorties
 - **31%**, which is well below goal of **50%**
- Cadet flight academy/local flight training: **4002** sorties
 - **46%**, well over the goal of **25%**
- Senior Member training/proficiency: **1956** sorties
 - **23%**, nearly on target

GLIDER PROGRAM OVERVIEW

What the Numbers Tell Us (Don't shoot the messenger)

- Overall – experienced a shortfall of approximately **1,350+** “O” flight sorties
- Many of the **200** sortie gliders got the bulk of their sorties at Glider Flight Academies (C16)
 - Indicates a few weeks of intense flight activity during glider academies
 - Indicates considerable down time for remainder of the year

GLIDER PROGRAM OVERVIEW

Recommendation

- Review the sorties by numbers and missions for your gliders.
- For those with low sortie generation and not out for extended maintenance/repairs, review your program and see what is needed to get in the air more, and meet the purposes of the glider program.

CITIZENS SERVING COMMUNITIES

GLIDER PROGRAM OVERVIEW

Recommendation

- The most successful programs do one or more of the following:
 - Fly multiple times each month and as often as every weekend.
 - Offer Cadet Orientation Flights during their annual encampments.
 - Fly all year-long, even when it snows in the northern states.
